POINTS TO DANGER IN CELLAR RUBBISH

Committee on Fire Prevention

Week Program Stresses Danger of Conflagration.

The danger that lurks behind a pile of rubbish in the cellar will be driven home to the people of Washington during the fire prevention week, beginning October 9.

The fire prevention committee ap pointed by the Commissioners, with Charles W. Darr as chairman, met yesterday and began plans for a seven-day period of educational propaganda to induce business men and housekeepers to remove every possible cause of fire.

On Sunday, the first day of fire prevention week, the pastors of all churches will be requested to dwell for a few moments on the causes of

THE BIRMINGHAM **NO-AXLE AUTOMOBILES**

-Have demonstrated in Washington this week to the entire satisfaction of THOUSANDS that-

These cars are superior to all makes in easy-riding qualities over

They are as attractive in appearance and finish as cars that sell today for twice and three times their price.

They will last years longer than cars of other makes on the market today, with ordinary, everyday driving. Our log and rough roads tests prove this beyond the shadow of a doubt.

These cars are finding ready purchasers, for the public is quick to recognize a REAL CAR.

Over \$1,000,000,000 will be spent this coming year on new automobiles other than Fords. With The Birmingham Car fast forging to the front as a popular car, in your opinion what part of this Billion Dollars will Birmingham Motors get for its cars?

What portion of this Billion Dollars will you get in dividends as a stockholder?

Come—Let's talk it over. We can prove that we have an investment opportunity worth while.

Visit our office any time—we are always here. If you can't get down on a week day, come down on a Sunday. . .

that body should postpone action on the bonus bill, was indorsed yesterday afternoon at a meeting of the military and naval affairs committee of the Washington Board of Trade.

The meeting of the committee, presided over by the chairman, Frederick Fenning, was called to consider a letter on the bonus question from the United States Chamber of Commerce. The matter had previously been taken up by the executive committee of the board, but was referred to the military and naval affairs committee. The decision of the latter committee will be made known to the executive committee at the regular meeting Monday.
